Summary

Passionate **Flutter Developer** and Computer Science undergraduate with **1+ year** of hands-on **experience** building mobile applications. Skilled in **Flutter, Dart, Firebase (Auth, Firestore, RTDB), SQLite, & API integrations**. Completed a **2-month internship at TIERS Limited** where I contributed to building real-time, scalable apps. Experienced in developing multiple projects, demonstrating strong **UI/UX design, state management, and problem-solving** abilities. Eager to bring technical expertise, creativity, and teamwork to a professional development role.

Experience

Flutter Developer Intern – TIERS Limited

June - Aug 2025

- Completed a **2-month Flutter development internship** focused on mobile app development best practices.
- Gained practical training in **Flutter, Dart, Firebase, Local Storage and state management**.
- Worked on guided **tasks** to strengthen skills in **UI/UX design, database integration**, and real-time app features.
- Successfully developed a **final capstone project**, applying all concepts learned during the program to build a fully functional mobile application.

Projects

Quick Connect | Dart & Flutter, Firebase (Auth & RTDB), Provider

Aug 2025

- Built a real-time social app featuring **Firebase Authentication** and **Realtime Database**.
- Delivered seamless user interactions and rapid data sync, enhancing performance and user experience.

Restaurant Management System | Dart & Flutter, Firebase (Auth, Firestore), Provider

Oct - Dec 2024

- Built a **scalable RMS** with **Firebase Auth, Firestore**, real-time **order management**, an **admin dashboard** and **Sales Reporting**.
- Integrated **state management** and **<2s order processing**, boosting **operational efficiency** and **user experience**.

StyleKart UI App | Dart & Flutter, Provider

Aug 2025

- Developed a stylish clothing brand app with **responsive UI**, and state management using **Provider**.
- Created an intuitive **browsing** and shopping experience, boosting engagement and usability.

Technical Skills

- Languages/Frameworks:** Dart, Flutter
- Backend & Databases:** Firebase (Auth, Firestore, Realtime DB), SQLite
- Tools:** Android Studio, Visual Studio Code, GitHub

Education

University of Engineering & Technology, Lahore

Dec 2022 – Oct 2026

Bachelor of Science in Computer Science

Lahore, Pakistan.

Certifications

- Flutter and Dart: Developing iOS, Android, and Mobile Apps (IBM, Coursera), Feb 2025
- Mobile App Notifications, Databases, & Publishing (SkillUp EdTech, Coursera), June 2025
- Flutter Development Internship (TIERS Limited), Aug 2025
